Save the date for nutritionDay 2014:

November 6th 2014

New nutritionDay website

We proudly present to you our newly designed website on www.nutritionday.org!

- Healthcare facilities (hospitals, ICUs, nursing homes), patients, and researchers each have their own section where they find all the information adapted for their interests and needs.
- You find all documents (flyers, questionnaires, information brochures, ethics information) in your language in the section "30 languages" down at the bottom of the website or here: http://www.nutritionday.org/en/30-languages/index.html
- Registration and Log in are placed on the top right corner of the website.

We would be happy if you check out our new website! Feel free to browse through the sections you are most intested in! If you have any feedback, please don't hesitate to contact us by e-mail (office@nutritionday.org).

ICU Reports updated

Did your unit miss the deadline for entering data in the database and thus didn't get a report? No worries! ICU reports have been updated and all the information can now be downloaded here: http://149.148.226.52/icur08/icur.php

Nursing home reports incl. MNA data

We regret that information about the MNA was missing in some nursing home reports. These were now included and we recommend you download your completed NH report again here:
http://149.148.226.52/13_nh/

Data entry code: centrecode**NH**unitcode (i.e. 1234NH5678)

Password (Code):   unitcode (i.e. 5678)

Promotion and information presentation

Would you like to promote nutritionDay in your institution? Would you like to inform colleagues about the initiative? Do you need help with preparation and participation? Use our information and promotion presentation to inform colleagues and to prepare and participate in nutritionDay! You find it on the website in the section "Education/Training – nDay training material – Presentation for care givers and colleagues" or here:
http://www.nutritionday.org/cms/upload/pdf/9.Education_Training/Presentation_for_health_professionals_inform_prepare_participate_nutritionDay.pdf

Limits for certificate receipt

nutritionDay participants receive a certificate! To receive the nD certificate, three quality criteria have to be met:

1. Minimum of 8 patients/residents have to be included in the audit per unit (this is also the minimum number required to receive a unit report).
2. Minimum of 60% of all patients/residents present on nD have to be included in the nD audit.
3. Minimum of 80% of patients/residents (which have participated in nutritionDay) have to be included in the outcome evaluation 30 days (hospitals) or 180 days (nursing homes) after nD.

Deadlines for participants

Please consider the deadlines for registration, outcome evaluation, entry in database and receipt of the final unit reports. Do not forget to also record outcome data after 30, 60 or 180 days after nutritionDay for your setting.

Deadlines for participants of nutritionDay 2014	nD in hospitals (incl. oncology)	nD in ICU	nD in nursing homes
1 – Registration for nutritionDay 2014	November 6th 2014		
2 – Outcome evaluation	December 8th 2014	January 6th 2015	May 6th 2015
