

“ORDER CODES for Center and Unit” nDay HOSPITAL

Every nDay participant needs a center code and an associated unit code. These codes allow anonymous data handling. The first step is to **order a center code** for your hospital. Then **order a unit code** for each participating unit in the hospital.

Please note that codes used in previous years **remain valid**.

- Go to www.nutritionDay.org
- Click on **my nDay | Login** and **select center codes | unit codes**
- **Login** into your nDay account **with username and password** you chose at registration.

- This is your nDay account with an overview of ordered centers and units

Overview of your centers and unit codes

Add Center

You can add as many Centers to your nDay Account. Once a Center is created, you can add Units to a Center. Only Units can enter data from questionnaires into the nDay database. Centers/Units codes, once created remain valid for participation each year.
