

Country Report nutritionDay 2018 Poland

Dear participant,

Thank you for your participation in nutritionDay worldwide in 2018 and for your effort. We are now able to present you your country report of the following sample size:

Number of participated center:	4
Number of participated units:	10
Number of patients who gave consent:	164
Number of patients completing Sheet 3a:	164
Number of patients completing Sheet 3b:	163
Number of patients with 30-day outcome assessment:	120

This report compares your country data to international reference database based on data from nutritionDay 2016 and 2017.

The report consists of 4 parts:

Part I reflects capacity and staffing of your hospitals.

Part II reflects the organisation and the structure of the units.

Part III describes the patient's demographics, the clinical information and the outcome.

Part IV is the summary of information on patient's nutrition, history and health status.

Next year's nutritionDay will take place in November 2019. Again, we would very much appreciate your participation. You will be provided with further information on a regular basis.

Best regards from the nutritionDay-Team!

Prof. Dr. Michael Hiesmayr

Sigrid Moick, MA
