nDay 2020: OPEN DATE to participate until June 2021

[Read more](#)

Due to COVID-19 pandemic many hospitals and nursing homes worldwide had difficulties in participating to nDay 2020. Therefore, nDay gives the possibility to collect nDay data in any week day (no weekends) chosen by the unit. Outcome collection should be performed accordingly after 30/60 days. Participation is only possible for categories Hospital, Oncology and ICU until June 2021.

2021 offers already three new nDay publications

Read about interesting country insights on nutrition care processes and management of malnutrition have been recently published by researchers from Colombia, Australia and Poland using nDay data.

Are traditional screening tools adequate for monitoring the nutrition risk of in-hospital patients? An analysis of the nutritionDay database.

Cardenas D et al. doi: 10.1002/jpen.2085.
